

MILES MOSELEY – RACING CV

I started racing in my 20's doing Minicross then Autocross for a couple of years. I then raced 100 National karts for a season. Unfortunately I had to pause my racing due to lack of budget.

I started racing again in 2017 in the Citroen C1 Racing Club endurance challenge for 2 years and since then I have been racing in the CSCC Tin Tops series. I am currently running a Peugeot 306 Rallye in class A.

I have raced at many of the UK's circuits:-

Pembrey
Snetterton
Cadwell Park
Rockingham
Oulton Park
Donington
Castle Coombe
Thruxton
Silverstone
Brands Hatch Indy
Brands Hatch GP

Since 1995 I have been a regular track day driver at many of the above circuits as well as Folembay, Nurburgring and Lydden Hill.

Whilst not directly relevant I was an active advanced motorcycle instructor with the IAM from 2000 until 2012. I also took part in many motorcycle track days during this time. I was Chief Observer at East Kent Advanced Motorcyclists for a couple of years before leaving the IAM to set up a new advanced riding club in Kent.

I have become an ARDS instructor to help improve the skills of first time and novice to intermediate track drivers.
