

MILES MOSELEY – RACING CV

I started racing in my 20's (around 1978) doing Minicross then Autocross for a couple of years. I stopped due to lack of budget and getting married!

I started again in 2017 racing in the Citroen C1 Racing Club endurance challenge for 2 years at the following circuits:-

Pembrey
Snetterton
Cadwell Park
Rockingham

This year I have started racing in the CSCC Tin Tops series and so far have raced at:-

Snetterton
Silverstone

Further races this year which I intend to compete in:-

Brands Hatch
Thruxton
Donington

Since 1995 I have been a regular track day driver at the above circuits as well as Folembay, Nurburgring, Lydden Hill and Castle Combe.

Whilst not directly relevant I was an active advanced motorcycle instructor with the IAM from 2000 until 2012. I also took part in many motorcycle track days during this time. I was Chief Observer at East Kent Advanced Motorcyclists for a couple of years.

I have become an ARDS instructor to help improve the skills of first time and novice track drivers.
